Remarks

This delightful full basement Ranch is situated on an ample lot in a quiet side street location close to everything. The heart of the home is the updated kitchen which boasts granite countertops, an updated subway tile backsplash, and convenient center island. The main level includes three generous sized bedrooms complete with hardwood floors. The first floor also includes a light and bright living room, spacious dining area, and a modern bathroom. The primary bedroom has a wonderful slider leading to a Trek deck which overlooks the fenced backyard. The walk out finished lower level includes wonderful space currently used as a bedroom with walk in closet, full bathroom, and additional living room. All this with wonderful bonus features like the lower level cedar closet, central air and more!
